### Receiving a Teddy Bear

One day, Mary wrote a letter to Santa Claus. She asked him for a Christmas gift because Christmas came soon. Mary has already had too many toys but she never had a teddy bear so she asked for a teddy bear.

Once Santa Claus received the letter, Santa Claus prepared the gifts with his three elves. Before Santa Claus went to send the gift, he ate a delicious Christmas dinner until he was full because he had a very long road to travel.

At night, Santa Claus went to Mary's house. He rode on his sleigh. He arrived at the roof and jumped into a chimney. Suddenly, he was stuck in the chimney. He felt shocked. He felt sorry that he ate too much food. The elves who travelled with Santa Claus came to help him get out of the chimney and helped Santa Claus to send the gift to Mary.

Next day morning, Mary got the teddy bear and she was excited and thought it was fantastic. This time, Santa Claus saw it and he was happy.
