

A Fairy Friend

Written by Li Yan Sin (5A)

Once upon a time, there was a wonderful flower, and a beautiful fairy lived inside it. She was lonely, no one wanted to be her friend. Her name was Ariel.

One day, Ariel came out of the flower. She wanted to find some people and make friends. First, she encountered some insects in the grass. They said angrily, "Get out of my domain!" Ariel was very afraid, she asked, "Em... um... Can you be my friends?" They answered, "You'd better hurry or we'll kill you!" Ariel fled immediately.

At dusk, she felt hungry. She thought, "I am hungry, where can I find some dessert?" Then, a flying cake turned up and said, "Are you hungry? If you are, you can have a bite of me!" "Sure, thank you!" Ariel replied. After a while, Ariel said "Thank you again!" but there was no answer as the flying cake already got eaten. Ariel was sad, because she still didn't have a friend.

Next day, Ariel saw a flying potato and said, "What are you doing?" The potato answered, "I'm crying because I have no friends." Ariel replied, "Yeah, me neither. Let's be friends forever!" "Great!" the potato replied.

They made friends and were happy forever.
