

A Weird Day by a Lake

Written by Tsang Tsun Yiu (5A)

One day, a family wanted to relax and spend some time together, so they decided to go on a picnic. They went to a lake. They took a bus to get there. After about an hour, they arrived at the lake.

The air was fresh and the place was clean. First, they lay on the grass for a while. Later, they went fishing. The kid and his father were fishing in the lake. They used their fishing rods to fish.

After a while, the kid pulled his fishing rod. He caught a really large fish. He was so happy! And his father also pulled his fishing rod. But it was a baby fish! His father was really upset because of the baby fish. He wanted to catch a big fish and he didn't stop trying. No matter how hard he tried, he could only catch a baby fish!

What a weird day!
