

## Carmen's Fishing Day

Written by Cheung Yee Tsun (5A)

Carmen and her dad went fishing at the lake. Dad caught several fish, but when Carmen pulled out her fishing rod, she found a mermaid!

The mermaid said, 'Hello! I am Kitty! I'm a magic mermaid. If you put me back to the sea, I'll give you three small wishes.' 'Okay! You can go back to the sea,' said Carmen. Carmen didn't ask for any wishes. The mermaid was so happy to get the freedom again.

When Carmen arrived home, her dad scolded her, 'You are so silly. Why didn't you tell the magic mermaid that you wanted a castle, a new dress, new shoes, a new car and other things?'

Then Carmen went back to the lake and asked the magic mermaid to give her a castle, a new dress, new shoes, a new car and a crown. The mermaid said, 'You and your father are so greedy you will not have anything!'

Then the mermaid disappeared suddenly. Carmen was so disappointed.
