

## The Giant Fish

Written by So Cheuk Yin (5B)

Yesterday, I went fishing in Wonder Lake with my uncle because it was announced on the news that there was a giant fish there. The reporter said that the giant fish was very yummy. When we heard the news, we were delighted.

In the afternoon, Uncle Tom went to my home. We packed our fishing stuff. Then Uncle Tom drove his car to the lake called Wonder Lake. As we were fishing, Uncle Tom taught me how to fish. First, we put some worms around the hooks. Then, we threw the fishing rods to the water. After a while, I felt that a fish was eating my worms. Uncle Tom thought so, too. So we pulled out the rods carefully.

Suddenly, a big fish appeared. Uncle Tom was so happy. When he looked at his rod, he said, 'What is it? It is a big fish!' At that time, I looked at my rod. I jumped and said, 'Wow! I got the giant fish.' All of a sudden, a reporter brought his camera to take photos. The reporter was also very excited and he interviewed me.

After the interview, we went back home excitedly. We wanted to cook the delicious fish. When we cooked the fish, we found that there were a lot of gold coins inside its stomach. At that moment, we knew why people wanted to catch the giant fish!
