Written by Lam Tsz Yeung (5A)

Sean found a treasure map from an old book. The treasure was hidden by the leprechaun in the woods behind his house. Sean had come up with a clever plan to find the treasure and took it.

One day, he started to take action. He found the leprechaun first and he saw that he had taken a lot of gold. He thought that the leprechaun would put the gold into his treasure cave so he followed him.

After a while, the leprechaun said a magic word and he disappeared. He entered to the treasure cave. All of a sudden, he appeared again. Sean knew where his treasure cave was so he said the magic word to the treasure cave. After a while, he appeared and he got a lot of gold and diamond. He put the treasure in his car and he went back home. He was very joyful.
