### My Favourite Teacher

My favourite teacher is Mr. Lam. He teaches me General Studies and Computer Studies. He is nice because he always plays many games with our class. He is helpful. When I have difficulties in the lessons, he always gives me a hand and solves the problems with me patiently.

Mr. Lam looks very smart because he always wears a suit and trousers. Also, he always uses computer. He types words as fast as lightning! Moreover, he always tells jokes and makes us laugh!

I remember once I was sick, he took me to the medical room and looked after me gently. It was an unforgettable memory I have shared with Mr. Lam.

Mr. Lam is the kindest and most caring teacher that I have ever met in my primary school life!
