My Favourite Teacher

My favourite teacher is Miss Yeung. She is nice. She looks pretty. She has a round face. She has long black hair. She has big black eyes but her ears are small. She has a straight nose. She has thin lips.

She always plays musical instruments with us. Today we have a competition. I feel nervous because I don't practise very well. Miss Yeung comes to the classroom and says, 'I can give you five minutes to practise.' After five minutes, this is my turn.

Miss Yeung tells me I get a B in the test. I feel happy.
