

The Special Plant

Written by Chan Tsz Yan (5A)

Aunt Ethel sent George a plant for his birthday. George woke up in the middle of the night and heard the plant talk.

‘I am thirsty. I want some water!’ George was frightened and shouted, ‘Why can you speak?’ ‘I am a magic plant and I can speak,’ replied the plant.

George didn’t say anything as he was so afraid. The magic plant continued, ‘Let’s be friends. I won’t hurt you.’ George thought that the magic plant was kind. George promised. Then he gave some water to the magic plant.

At last, the magic plant gave George three wishes. George was so surprised to get three wishes. George wanted to be happy, healthy and helpful forever. The magic plant made all his wishes come true!
