

The Treasure Hunt

Written by Chung Yu Tung (5A)

Sean had come up with a clever plan to find the treasure hidden by the leprechaun in the forest behind his house.

Sean wanted to blow up the forest to get the treasure but he thought that it might destroy the treasure as well so he gave up on the plan.

Instead, he decided to dig the ground until he found the treasure.

Ten days later, he really found the treasure. It was a lot of money.

Finally Sean became very rich. He bought a lot of things. He also donated some money to charity. He was very happy. He never told anyone about the treasure.
