Stuck on the Island
Written by Chiu Sau Kit (5A)

It was a beautiful, sunny day and the sea was very calm – just the sort of day to visit the island. Angela and Roy decided to get there by boat.

On the island, they found a cave. They were tired, so they slept there for a while. After an hour, they woke up and happily went swimming.

Next, they had lunch in the cave. They ate sandwiches, crisps, cakes and ham. They drank orange juice and apple juice. They were full.

After that, they wanted to go home, but the boat had disappeared! They were very upset and scared. They looked everywhere. They desperately wanted to find their boat! Suddenly, they saw another boat far away in the sea. Without hesitation, they jumped in the sea and swam towards the boat. When they reached it, they saw a man on the boat.

Finally, the man took them home. He also gave them some fish. They were very grateful to the man. They remembered to tie their boat carefully next time.
