Teacher: Miss Wong Ka Yu

Class: 6A

A thank you letter to Lok Wah Catholic Primary School

Time flies like an arrow. Six primary school years almost end. I would like to express my heartfelt gratitude to my school who has nurtured me continuously.

Thanks, my teachers. In my primary school life, you always helped me when I was in trouble and supported me to make me happy every day. In this time, I want to say 'thank you' to my class teacher, Miss Wong, my English teacher, Miss Wong, Miss Chan, Miss Lam... Thank you for caring and grooming me in the academic as well as social development.

Thanks, my classmates. I thought you were very naughty but you always did some funny expression to make me laugh like a baby. So, I must say 'Thank you' to you. Thank you for making me happy. Thank you for making me have an unforgettable primary school life.

Thanks, my school. Thank you for giving me a good environment to study. The place is very clean because the janitors always clean the place when we make the mess. The plants are gorgeous because the gardener always cuts the plants to make them more beautiful. The school is safe because the security guard is responsible for it. I especially thank them.

Primary school is the best experience in my life. In the future, I will use my knowledge to help others and be a good citizen to repay you. Hope you will be

proud of me.

Love,

Kelly
